I'm glad to hear from you. You asked me about my school life. Let me tell you something about it.

I study in a beautiful school. Every day, I have different classes, such as Chinese, English, math and science. My favorite subject is English because it's interesting and useful. I also like P.E. class. We can play basketball and run on the playground.

After class, I often read books in the library or play with my friends. On Fridays, I go to the English club. We practice speaking English there.

My school life is busy but happy. I enjoy it very much.

Yours,
Li Hua
